Backend engineer with eight years of experience designing distributed, event-driven systems. Specialises in functional programming, observability, and developer experience.

EXPERIENCE

Senior Software Engineer

Acme Corp

📅 Jun 2022 – Present 📍 Dublin, Ireland

Platform team lead. Owns the event-sourcing stack underpinning the wider product surface.

- Led the migration of a customer-facing monolith into a set of event-driven microservices, halving p99 latency.
- Designed and rolled out an event-sourcing platform now used by four product teams.
- Mentored three engineers from mid to senior level.

Software Engineer

Liffey Labs

📅 Jun 2019 – Jun 2021 📍 Remote

- Built and shipped the first version of a SaaS product from scratch alongside a two-person team.
- Introduced the CI/CD pipeline and developer-onboarding flow that scaled the engineering org from 3 to 15.

VOLUNTEER

Mentor

CoderDojo Dublin

📅 Jun 2020 – Present

- Weekly mentoring sessions for 10–14 year-olds learning to code.
- Curate the Scala / functional-programming track.

PROJECTS

Hyperion

Distributed task scheduler in Rust

📅 Jan 2024 – Aug 2024

- Handled 10k tasks/s on a single node.
- Designed an idempotent retry protocol.

[Rust](#) [Tokio](#) [gRPC](#)

Crucible

Migration tool for legacy databases

📅 Sep 2024 – Present

- Schema diffing across PostgreSQL and MySQL.

AREAS OF FOCUS

- Distributed systems: Kafka, CDC, idempotent consumers, event sourcing.
- Functional programming and type-driven design in Scala and Haskell.
- Developer experience: tooling, CI/CD, observability.
- Engineering culture: ADRs, RFCs, mentoring.

CERTIFICATIONS

CNCF

Certified Kubernetes Administrator · Aug 2023

Certified Kubernetes Application Developer · Jan 2024

AWS

AWS Solutions Architect — Professional · May 2023

AWS DevOps Engineer — Professional · Sep 2024

Hashicorp Terraform Associate · Dec 2022

Certified Kubernetes Security Specialist · Mar 2024

Google Cloud Professional Architect · Nov 2023

AWARDS

Best Paper Award

ScalaConf

Sep 2024

For Idempotent Kafka Consumers.

Dean's List

REFERENCES

Dr Ada Lovelace

Seán is a calm, methodical engineer who left every system he touched in a better state than he found it. Recommended without reservation.

Pragmatic, curious, unfailingly kind — would hire again in a heartbeat.
